

CALFED
BAY-DELTA
PROGRAM

SEP 03 1999

Public Comment

Date

8/18/1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

More fresh water needs to flow through the Bay and Delta to restore habitat and the environment. It is essential that we implement more aggressive water conservation practices before CALFED decides if more dams and canals should be built. These actions will cost taxpayers money and further degrade the Bay-Delta system.
